# Independent Auditor's Report to the Board Members of CouncilBIZ

We have audited the accompanying financial report of CouncilBIZ, which comprises the statement of financial position as at 30 June 2011, the statement of comprehensive income, the statement of cash flows, the statement of changes in equity and the statement of working capital for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information as set out on pages 11 to 33.

## Board's Responsibility for the Financial Report

The Board of CouncilBIZ is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards, the Local Government Act 2008, Local Government (Accounting) Regulations and the CouncilBIZ Constitution, and for such internal control as the Board determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

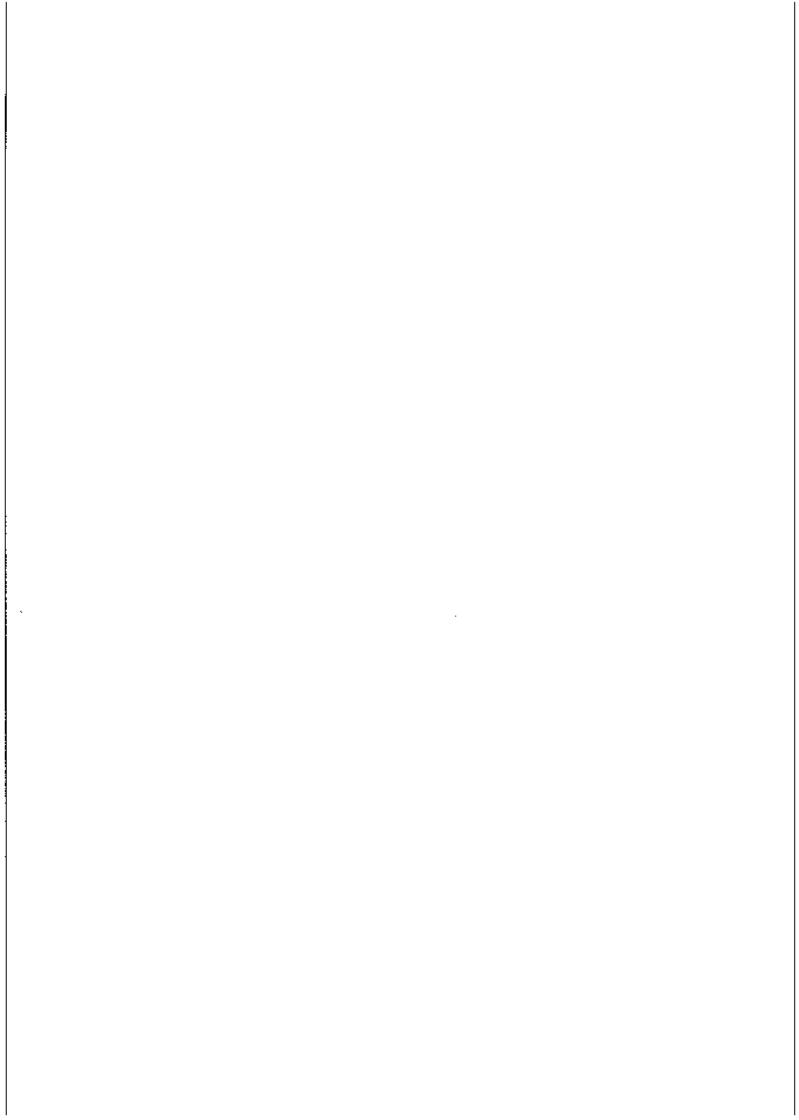

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of CouncilBIZ, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial report of CouncilBIZ presents fairly, in all material respects, the entity's financial position as at 30 June 2011 and its financial performance for the year then ended in accordance with Australian Accounting Standards, the Local Government Act 2008, Local Government (Accounting) Regulations and the CouncilBIZ Constitution.

# **Executive Officer's Statement**

I, Campbell Mills, the Executive Officer of CouncilBIZ, certify that the Annual Financial Statements:

- (a) have been, to the best of my knowledge, information and belief, properly drawn up in accordance with all applicable Australian Accounting Standards, the Local Government Act 2008, Local Government (Accounting) Regulations and the CouncilBIZ Constitution so as to present fairly the financial position of CouncilBIZ and its results for the year ended 30 June 2011; and
- (b) are in accordance with the accounting and other records of CouncilBIZ.

# **CouncilBIZ**

# Yores to the Financial Statements for the year ended 30 June 2011

## 1. Summary of accounting policies

This note sets out the principal accounting policies adopted in the preparation of the financial statements by CouncilBIZ, as set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Анна Вайгодэх тэтнгөгөд Гогол элТ

The consolidated fund through which CouncilBIX controls resources to carry on its functions has been included in the funancial statements forming part of this report.

In the process of reporting on CouncilBIX as a single unit, all transactions and balances between functional areas have been eliminated. A summary of contributions to the operating result and net assets by function is provided at note  $\lambda(a)$ .

#### ионотноји Гизопод

Council BIX is a Local Government Subsidiary established under the Local Government Act 2008.

Its members are made up of

- Local Government Association of the Northern Territory
- Itomo Council
- Central Desert Shire Council
- Final Ambeur Shire Council
- InamoD still Shire Council
- ionroO stid8 flu0 raped
- lionuoD enida shnalal iwiT
- Victoria Daly Shire Conneil
- lionnoO suid2 madrata IzaW

CouncilBIX principal activities are to provide support to the Northern Territory Shire Councils in information technology.

## uoppundaud fo sisng

The financial statements have been prepared on the basis of historical cost. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

## 1. Summary of accounting policies (cont.)

## Critical accounting judgements and key sources of estimation uncertainty

In the application of CouncilBIZ's accounting policies, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Key sources of estimation uncertainty include general economic factors.

## Basis of accounting

## Statement of compliance

The financial statements are general purpose financial statements, which have been prepared to comply with applicable Australian Accounting Standards and Interpretations, the requirements of the Local Government Act and Regulations and other mandatory professional reporting requirements.

Accounting Standards include Australian equivalents to International Financial Reporting Standards ('A-IFRS').

The financial statements were authorised for issue by the Executive Officer on the 21st of September 2011

## 1. Summary of accounting policies (cont.)

Standards and Interpretations issued not yet effective

At the date of authorisation of the financial report, the Standards and Interpretations listed below were in issue but not yet effective.

Initial application of the following Standards will not affect any of the amounts recognised in the financial report, but will change the disclosures presently made in relation to the CouncilBIZ financial report:

Standard	Effective for annual reporting periods beginning on or after	Expected to be initially applied in the financial year ending
AASB 9: Financial Instruments	1 January 2013	30 June 2014
<ul> <li>AASB 2009-11: Amendments to Australian Accounting Standards arising from AASB 9 [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 121, 127, 128, 131, 132, 136, 139, 1023 &amp; 1038 and Interpretations 10 &amp; 12]</li> </ul>	1 January 2013	30 June 2014

## 1. Summary of accounting policies (cont.)

#### Significant accounting policies

Accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported.

The following significant accounting policies have been adopted in the preparation and presentation of the financial statements:

#### (a) Revenue recognition

Revenue is measured at the fair value of consideration received or receivable. Revenue is measured on major income categories as follows:

#### (i) Granis, donations and other contributions

Grants, donations and other contributions are recognised as revenue when CouncilBIZ obtains control over, or the right to receive, the assets; it is probable that future economic benefits comprising the asset will flow to CouncilBIZ; and the amount can be reliably measured.

Control over granted and contributed assets is normally obtained upon their receipt (or acquittal) or upon notification that a grant has been secured, and is valued at their fair value at the date of transfer.

Where grants, contributions and donations recognised as revenue during the reporting period were obtained on the condition that they be expended in a particular manner, or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in these notes.

#### (ii) Sale of property, plant and equipment

The profit or loss on sale of an asset is determined when control of the asset has passed from CouncilBIZ.

#### (iii) Interest revenue

Interest is recognised as it accrues when it is probable that the future economic benefits will flow to CouncilBIZ and it can be measured reliably.

#### (iv) Service fee revenue

Service fee revenue is recognised when the outcome of such transactions can be measured reliably.

## (b) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

# Notes to the Financial Statements for the year ended 30 June 2011

## Summary of accounting policies (cont.)

#### қызқа разитиј<u>н</u> (э)

Council BJN classifies financial assets in the following categories: loans and receivables. The classification depends on the purpose for which the financial asset was acquired. Management determines the classification of its financial assets at initial recognition and re-evaluates this designation at each reporting date.

#### səlqvліэээл риv suvoy (i)

Trade receivables, loans, and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'foan and receivables'. Loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method of calculating the amortised cost of a debt instrument and of allocating income over the relevant period. The effective interest method of calculating the amortised cost of a debt instrument and of allocating income over the relevant period. The effective interest method of calculating the amortised cost of a debt instrument and of allocating income over the relevant period. The effective interest rate is that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

#### stasso folonnall fo taganingmi (II)

Financial assets are assessed for indicators for impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been impacted.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of the estimated future cash flows, discounted at the original effective interest rate. The carrying amount of financial assets including uncollectible trade receivables is reduced by the impairment loss through the use of an allowance account. Subsequent recoveries of amounts previously written off are credited as other income. Changes in the carrying amount of the allowance account are recognised in profit and loss.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previoually recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the financial asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

#### stease lainmant to nothingooonod (iii)

CouncilBIS detecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If CouncilBIS neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, CouncilBIS recognises its retains substantially all the risks and rewards of ownership of a amounts it may have to pay. If CouncilBIS recognises its retains substantially all the risks and rewards of ownership of a fransferred financial asset, CouncilBIS continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

#### məmqinpə ban tabiq Arıəqor9 — (b)

#### (яржко ранирация Вирририи) цилиднова рит ципра Маладолд јо ионци80003 (н)

Property, plant and equipment is recognised at cost when control of the asset passes to CouncilBIX. Cost includes expenditure that is directly attributable to the acquisition. Cost related to property, plant and equipment gifted, donated or granted to CouncilBIX is the fair value of the asset, plus costs directly attributable to the acquisition.

# 1. Summary of accounting policies (cont.)

## (d) Property, plant and equipment (cont.)

#### (ii) Depreciation

All property, plant and equipment is systematically depreciated over its useful life in a manner which reflects the consumption of the service potential embodied in those assets from the time that the item of property plant and equipment is available for use.

Depreciation is provided for on a straight line method using lives which are reviewed each reporting period. Major depreciation periods are:

Plant and equipment / Motor vehicles / Furniture and fittings / Infrastructure 3 to 11 years

#### (tti) Impairment of assets

Assets that have an indefinite useful life are not subject to amortisation and are tested for impairment annually. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

#### (e) Intangible assets

Intangible assets acquired separately are recorded at cost less accumulated amortisation and impairment. Amortisation is charged on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method is reviewed at the end of each annual reporting period, with any changes in these accounting estimates being accounted for on a prospective basis.

## (f) Financial liabilities

## Other financial liabilities

Other financial liabilities including trade and other payables are measured at fair value net of transaction costs.

(g) Employee benefits

Provision is made for benefits accruing to employees in respect of wages and salaries and annual leave when it is probable that settlement will be required and they are capable of being measured reliably.

#### Employee benefits expected to be settled within 12 months

Provisions in respect of employee benefits expected to be settled within 12 months are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

#### Defined contribution plans

Contributions to defined contribution superannuation plans are expensed when employees have rendered service entitling them to the contributions,

## Employee benefits not expected to be settled within 12 months

Provisions made in respect of employee benefits which are not expected to be settled within 12 months are measured at the present value of the estimated future cash flows to be made by CouncilBIZ in respect of services provided by the employees up to reporting date.

## 1. Summary of accounting policies (cont.)

## (g) Employee benefits (cont.)

## Superannuation

CouncilBIZ contributes in respect of its employees to a defined contribution superannuation plan (Local Government Superannuation Scheme) established in respect of certain municipalities in South Australia and the Northern Territory.

## (h) Components of functions

Note 2(a) provides information of revenues and expenditure of each of the major functions of CouncilBIZ.

## (i) Taxation

CouncilBIZ is tax exempt under Sec 50-25 of the Income Tax Assessment Act 1997, being a local governing body.

## (j) Provisions

Provisions are recognised when CouncilBIZ has a present obligation (legal or constructive) as a result of a past event; it is probable that CouncilBIZ will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, the carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

## (k) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except:

- i) where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense; or
- ii) for receivables and payables which are recognised inclusive of GST, the net amount recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities, which is recoverable from or payable to the taxation authority, is classified as operating cash flows.

## (l) Rounding of amounts

Unless otherwise indicated, amounts in the financial statements have not been rounded and are presented in Australian dollars.

## 14. Financial instruments

## (a) Financial risk management objectives

CouncilBIZ has given the Executive Officer the power to invest funds of CouncilBIZ. CouncilBIZ's objective is to minimise financial risk by investing only in short term deposits at call deposits with local banks. Before any investments are made banks are contacted by the Finance Manager to obtain available rates, the Finance Manager will present the information to the Executive Officer, who will then approve the investment to be made. Monthly reports on investments are prepared and given out at CouncilBIZ meetings.

## (b) Liquidity and interest rate risk

Council BIZ controls interest rate risk by only investing in short term deposits with local banks.

CouncilBJZ's exposure to interest rate risk consists of: -

	Actupl 2011 Variable Interest rate current		Actual 2011 Non Interest bearing	Actual 2011 Total	Actual 2010 Variable Interest rate current		Actual 2010 Non Interest bearing	Actual 2010 Total

#### 14. Financial instruments (cont.)

#### (c) Credit risk

Credit risk represents the loss that would be recognised if counter parties fail to perform as contracted. The maximum credit risk on financial assets of CouncilBIZ is the carrying amount, net of any provisions for doubtful debts.

CouncilBIZ does not have any significant credit risk exposure to any counter party or group of counter parties CouncilBIZ does not have any interest bearing loans.

#### (d) Net fair value

The carrying amount of financial assets and liabilities recorded in the financial statements represent their respective net fair value.

#### (e) Market risk

Council BIZ's activities expose it primarily to risk of recoverability of outstanding trade debts. The risk is controlled by Council BIZ as it has legal authority to recover the outstanding debts of members through its constitution.

#### (f) Capital risk

CouncilBIZ manages its capital to ensure that it will be able to continue as a going concern. CouncilBIZ capital management strategy remains unchanged from 2009. Capital structure consists entirely of the equity of CouncilBIZ (comprising contributions and retained earnings).

15.	Employee benefits	2011 \$	2010 \$	
	The aggregate employee benefit liability recognised and included in the financial statements is as follows:			
	Provision for employee benefits:			
	Current provisions (note 9)	39,370	108,081	
	Non-current provisions (note 9)	6,684		
	Accrued wages and salaries	8,700	-	
		54,754	108,081	
	Number of employees at the end of the financial year	j4	25
