

**Tender Award for the  
POWER SYSTEM UPGRADE  
AT NEW BORE  
HOMELANDS (121)**  
**MRC 24-25.3063.300.009**

The steps taken by Council in regards to this procurement were:

- Council engaged a contractor to prepare a scope of works and obtain an indicative cost to complete the works.
- The total indicative cost was \$269,078.
- Council went to tender as per Regulation 36 of the Local Government (General) Regulations 2021.
- No successful applicants were found to be suitable.
- Council applied for grant funding with the scope of works and indicative cost provided.
- Council has been successful in obtaining Grant funding equivalent to the indicative costs provided.
- Per Regulation 38(1)(h) Council determined to procure the services of the original contractor who provided the scope of works and the indicative costs as per the grant funding application as it believed, given the submissions received, that it was unlikely that there is more than one supplier of this supply.

The contract for the supply and installation of a 20.400kW Solar with Battery Energy Solution has therefore been awarded to:

Territory Electrical and Contracting for a total contract price of \$259,554.48 (including GST).
