Message from our Council President

Hello everyone and welcome to the 2016 – 2020 MacDonnell Regional Council Regional Plan.

This is my first Regional Plan as Council President, and I would like to begin this message with thanks to our former President Sid Anderson. Sid has been a mentor to me for many years now, and has helped prepare me to step into the role.

More importantly, he has helped bring the Council to where it is now, a Council that is widely recognised as one of the Territory's top performers. Sid Anderson has left big shoes for me to fill, and I hope that I can continue his strong performance on behalf of all our communities.

I am proud to be MacDonnell Regional Council's first female president. This is a great step for the Council and I hope this encourages young women across our communities to aim for leadership positions.

I would like to acknowledge the other Councillors who believed in me and encouraged me to take on this position, especially our new Deputy President Braydon Williams, who I look forward to working with. I also look forward to working more closely with our CEO Jeff MacLeod, and thank him for his support as I grow in the role.

In the coming years we face the same situation as many Councils across Australia, with a reduction in funding forcing us to streamline our services and become more efficient – or risk losing staff and services altogether.

Therefore, this year will be one of consolidating what we're already doing well – and becoming even better at it. We need to be learning from each other and sharing ideas to do an even better job.

Continuing to develop our Local Authorities as the voice of their community and to provide a training ground for future Councillors will be a priority. This is especially true as we prepare for an election in August 2017. I have been encouraged by the strength and capacity of the Local Authority members as I meet them. I can tell already that this will be a tough election!

I also want to see our Councillors, Local Authority members, residents, staff, government and other stakeholders continue building relationships and working together. We have made very good progress and it is important that this continues.

It is vital that we continue to support local employees. It is important for our communities that our local people can become more responsible for delivering Council services by standing up and doing their Leadership Training. We want to encourage our kids to stay in school and this is a practical way we can be leaders in our communities.

Whether we live in communities or on outstations and homelands, our homes are where our hearts are – I close by reflecting on our vision of *many voices*, *one dream*, *building a quality desert lifestyle* – so while we are made up of many cultures, languages and histories, we are one Council and we need to be strong and stand together, side by side, to achieve our vision for our residents.

Roxanne Kenny, President, MacDonnell Regional Council

LM Konny

Message from our Chief Executive Officer

As Council enters its ninth year of operation, we look forward to a period of consolidation - building on the solid foundations established over the previous years, despite a challenging fiscal environment.

With a number of long term commercial and grant funded projects completed in 2015/16, MacDonnell Regional Council, along with others in the local government sector, will continue to face challenges.

Council acknowledges the importance of Federal funding through the Financial Assistance Grants (FAGs) program to support the continued delivery of services. However, we are now entering the third year of the indexation freeze to FAGs and Council is faced with increasing constituent expectations against a shrinking income stream and rising costs. In order to address this, we need to look to other sources of income, and a reduction in expenditure.

Council's rates income represents only 2.7% of total revenue while our expenses are expected to rise over the forward estimates by an average of 2.9%. Therefore, a modest 2% rise in both rates and fees and charges is proposed for 2016/17.

Our expenditure on plant and equipment has also been significantly reduced. Council has resolved to set aside any surplus from operations in the 2015/16 year in order to create a reserve for future funding and replacement of Council assets.

To maintain our goal of 80% local indigenous employment in communities, Council continues to review all operational costs and income opportunities. We will continue to develop closer working relationships with other regional stakeholders to facilitate joint services and community development projects.

We also recognise that Council cannot be the only employer on our communities. We appreciate the NT Government's commitment to support regional infrastructure and assist remote Indigenous residents to develop local businesses. Council will work closely with all stakeholders to progress Regional Development that creates opportunities for remote residents to move into real jobs.

Meanwhile, Local Authorities continue to play an important role – informing Council of the priorities for each community. During the consultation phase of this Regional Plan, our Local Authorities identified 31 priority development projects which have been incorporated into the 2016/17 budget.

Our Local Authority members have grown in confidence and experience and have already delivered a considerable number of community development projects across the region and I congratulate them for their commitment.

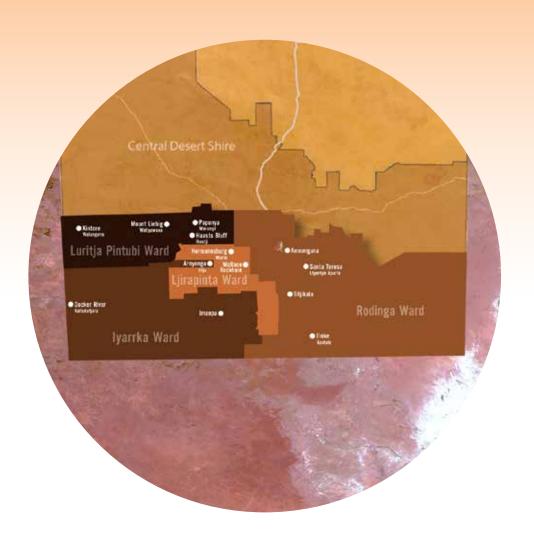

I also commend the staff of MacDonnell Regional Council for their commitment to improve the lives of Council residents by delivering valued and relevant services in an extremely dynamic environment.

Finally, the past year saw the retirement of our longstanding President and I wish to acknowledge the inspirational leadership of Sid Anderson over the last eight years. I look forward to working with our newly elected President Roxanne Kenny and our dedicated Councillors to continue our vision of many voices, one dream, building a quality desert lifestyle.

Through Councils' strong visionary guidance, feedback from Local Authorities, responsible fiscal policy and quality management that is supported by our dedicated staff – MacDonnell Regional Council is ready to deliver on the contents of this Regional Plan.

Jeff MacLeod, Chief Executive Officer, MacDonnell Regional Council

Our Governance

Our Council, Culture and History

Situated in an arid desert environment at the centre of the Australian continent, MacDonnell Regional Council (MRC) features many iconic, panoramic landscapes which are easily accessed from Alice Springs. The picturesque swimming holes, magnificent flora and fauna, captivating mountain ranges with changing hues and red desert sands are reasons why the MacDonnell region is uniquely beautiful and has a deep and powerful strength that can only be felt when travelling across the land.

MacDonnell Regional Council was established in 2008 and its area covers our 13 major remote communities as well as many outstations and numerous established and emerging enterprises in the pastoral, tourism and

mining industries. The towns of Alice Springs and Yulara are excluded from the Council. The total estimated population of MacDonnell Regional Council is 6,988 (based on the 2014 Estimated Resident Population Census Data).

Our Communities

	Council Workforce	Indigenous Workforce (as %)	Community Population*
Amoonguna	27	88.0	275
Areyonga (Utju)	32	91.6	235
Docker River (Kaltukatjara)	23	95.2	295
Finke (Aputula)	29	95.6	162
Haasts Bluff (Ikuntji)	28	90.3	150
Hermannsburg (Ntaria)	45	94.7	625
Imanpa	20	78.6	185
Kintore (Walungurru)	33	82.3	454
Mount Liebig (Watiyawanu)	27	88.0	156
Papunya (Warumpi)	37	75.6	418
Santa Teresa (Ltyentye Apurte)	32	87.9	555
Titjikala	32	92.5	201
Wallace Rockhole	7	100.0	67

^{*}Population figures shown are from ABS 2011 Census of residents living on each community.

At MacDonnell Regional Council we recognise and respect the fact that Indigenous culture is the oldest continuing culture in the world and that Indigenous people have had their own form of governance for tens of thousands of years.

Having strong and effective Indigenous representatives on the Council has provided an opportunity to discuss and develop effective two-way

communication and engagement and strong governance principles and practices. Council discussions are multi-lingual, moving easily between the Indigenous languages spoken in the MacDonnell region (mainly Luritja, Pintubi, Pitjantjatjara and Arrernte) and English. Councillors explore vastly different perspectives and expectations, and analyse the impacts of decisions made.

We are also committed to delivering quality services for all of our residents with Council services operating from Service Delivery Centres in all thirteen communities. The coordination of all services and the administration of governance, finance, funding arrangements, program management and human resources is undertaken centrally in our Alice Springs office.

The Council

MacDonnell Regional Council has 12 elected members in four wards. Councillors are elected for four years, with the last election held in March 2012. While originally elections were due for 2016, they have been delayed due to competing Federal and Territory Government elections, and will now be held in 2017. A President and Deputy President are elected from and by the Council.

The Council holds an Ordinary Council Meeting every two months, and Special Council Meetings as required. Meetings are held in Alice Springs, on one of the 13 communities within the Council, or at a local business within the Council region. All Council meetings are open to the public unless confidential business is being considered. We encourage attendance from residents of our communities and other members of the public. Agendas and minutes are available on the MRC website.

MacDonnell Regional Council

MacDonnell Council administration

Local Authorities

Local Authorities are established under the Local Government Act and have the following functions under that Act:

- To involve local communities more closely in issues related to local government
- To ensure that local communities are given an opportunity to express their opinions on questions affecting local government
- To allow local communities a voice in the formulation of policies for the locality, as well as policies for the area and the region
- To take the views of local communities back to council and act as advocates on their behalf
- To develop a Local Authority Plan for their community and contribute to the Regional Plan.

Local Authorities may also from time to time represent their community on other matters, with governments and other organisations able to approach the Local Authority for advice and consultation on a number of issues.

Potential members nominate themselves for the Local Authority and Council approves the nominations at a Council Meeting. A community endorsement process happens alongside this and a Chairperson is chosen from the membership pool. All meetings are attended by the President and Ward Councillors when available, and senior MRC staff.

Agendas and minutes are available on the MRC website.

Staff

MacDonnell Regional Council employs an average of 442 staff, of whom 79% are Indigenous, in the following service areas (see Organisation Chart on previous page):

- Administration
- Finance
- Civil Works
- **Essential Services**
- Home and Disability Care
- MacKids
- MacYouth
- Community Night Patrol

Possible Changes to the Regulatory and Administrative Framework

The Council periodically reviews its internal regulatory and administrative framework to ensure:

- Ongoing compliance with applicable laws
- Practicality
- Cultural appropriateness

The Local Government Act and associated guidelines and regulations are in the process of being reviewed to ensure their ongoing relevance and effect on Local Government capacity. The outcomes of this review are likely to have a significant effect on Council and what we are able to achieve.

Recent changes to the guidelines governing Local Authorities has also introduced the means for Local Authorities to represent their community on non-Council issues and to have discussions and raise concerns on non-Council matters. It is likely that this change will impact on the length of Local Authority meetings and will also need to be implemented carefully to ensure that other important community voices are heard and acted upon.

Assessment of the Adequacy of Constitutional Arrangements

Pursuant to the provisions of the Local Government Act and the Local Government (Electoral) Regulations, MRC prepared a draft paper in December 2014 which was subsequently adopted by the Council at the Ordinary Council meeting of 20 February 2015 and 24 April 2015. Representation on proposed changes was also made to relevant Local Authorities. The MacDonnell Regional Council S23(2) Review of Representation gave an assessment of the effectiveness of constitutional arrangements for electoral representation of the Council area (electoral review) in accordance with the requirements of Section 23(1)(c) and 23(2) of the Local Government Act and Regulations 63 of the Local Government Electoral Regulations to determine whether the arrangements presently in force provide the most effective representation possible.

After ministerial review, no changes were made to MacDonnell Regional Council boundaries, wards or councillor mix by ward for the next general election.

Our Vision

Our Hierarchy of Plans

Our Regional Plan

The Regional Plan describes the vision for our region and explains who we are and our operating environment. It covers our mission, vision and values and how we use our Strategic Plan to achieve our vision.

Local Authority Plans

Our Local Authority Plans cover the goals and priorities for individual communities within the MacDonnell region. Each of these plans has been developed in consultation with the individual community and will be monitored by them as well as being published on our website.

Operational Plans

Underneath the Regional Plan and Local Authority Plans sit our Operational Plans, these plans set out how individual sections of our Council intend to achieve the outcomes of the Regional Plan and the priorities of the local authorities.

many voices, one dream, building a quality desert lifestyle

Our Mission

Our Values

open

we will build strong relationships and seek feedback and input on our work

we will respect and support our diverse cultures and heritage

accountable

our work must be transparent and accountable to MacDonnell Regional Council residents

inclusive

we will value and incorporate local knowledge, experience and perspectives into the work that we do

innovative

we will seek new ideas and ways of working to achieve our outcomes and improve our services

Our Strategic Plan

1. Developing Communities

1.1 Residents receive quality services through continuous improvement in the standards of our services

Strategy	Key Performance Indicators	Target
Provide quality municipal services to residents	Roads maintained according to the MRC Transport Asset Management Plan	June 2017
	Street lights maintained as per service level standards	June 2017
	Waste management maintained as per service level standards	June 2017
Children are supported to grow and develop through	MacKids demonstrate continuous improvement against the National Quality	June 2017
the provision of quality early education and care	Framework	
programs		
Aged residents and residents with a disability are	Home Care services demonstrate continuous improvement against the MRC	June 2017
supported to live in their community through the	Home Care Standards	
provision of quality care		
Community safety is improved through the delivery	Community Night Patrol service delivered in line with the Community Night	June 2017
of quality Community Night Patrols	Patrols Projects Operational Framework	
Youth are engaged in their communities and are	Service standards are developed	June 2017
provided opportunities for development through		
quality youth programs		

1.2 Contribute to the economic development of the region				
Strategy	Key Performance Indicators	Target		
Local employment is supported through Council's procurements	35% of Indigenous employment used by Council engaged contractors	June 2018		
Pursue opportunities for Council to deliver additional services that would create local	Number of additional contracts / services secured	June 2017		
employment	Number of positions created	June 2017		
Provide in-kind support to Indigenous enterprises developing tourist facilities in communities.	Number of tourist facilities supported	June 2017		

2. Liveable Communities

2.1 Community members are proud of where they live Strategy **Key Performance Indicators** Target Community consultation guides Council's actions Community surveys conducted every year August 2016 Community feedback reports provided to Council, Local Authority and February 2017 relevant government departments Beautifying our communities Landscaping plan developed for each community December 2016 1,300 trees or shrubs planted across 13 communities June 2017

2.2 Our communities are fun places to live

2.2 Car Communico di Ciram piacco to invo				
Strategy	Key Performance Indicators	Target		
Support active lifestyles through quality sporting facilities	Develop an asset management plan for Council's sporting facilities	Ongoing		
	Sporting grounds are developed as per service level standards	Ongoing		
	Percentage of external funding for swimming pools secured	Ongoing		
Parks developed for community use	Number of compliant parks	Ongoing		
	Number of parks upgraded	Ongoing		
Providing in-kind support for community-wide events	Number of community-wide events supported	Ongoing		

••••••		
Strategy	Key Performance Indicators	Target
Increase our use of solar energy across our communities	Every community park has at least one solar light	June 2017
Increase our use of solar energy across our communities	Develop a set of energy standards for Council facilities	June 2017
	Kilowatts used by all Council facilities	Ongoing
Advocate for sustainable funding to our homelands/ outstations	Advocate to the Northern Territory Government on behalf of outstation/ homelands residents for sustainable funding for homelands/outstations	June 2017

3. Engaged Communities

3.1 Council and Local Authorities engage	on GOAL #3	
Strategy	Key Performance Indicators	Target
Increase community understanding of what Council	Develop and implement education campaign for community members on	June 201 7
and Local Authorities do	Council and Local Authority roles and responsibilities	
Local Authority meetings are engaging for community members	Governance engagement strategy developed	December 2016
	Average number of community residents per Local Authority meeting	June 2017
Support the development of Local Authority members	Each Local Authority receives two training sessions a year	June 2017

3.2 Council's methods and processes for engagement are improved				
Strategy		Key Performance Indicators	Target	
Young people are engaged with Council and their community		Number of active youth boards is expanded to nine	June 2017	
Councillors, Local Authority members and staff are trained to deal with conflict		Percentage of Councillors and Local Authority members that receive conflict resolution and reduction training	June 2017	
		Percentage of staff that receive conflict resolution and reduction training	June 2017	
Council engagement improved through development of engagement planning processes		Engagement plan processes developed	December 2016	
		Implementation of engagement processes	June 2017	

4. A Supportive Organisation

4.1 Supporting local employment

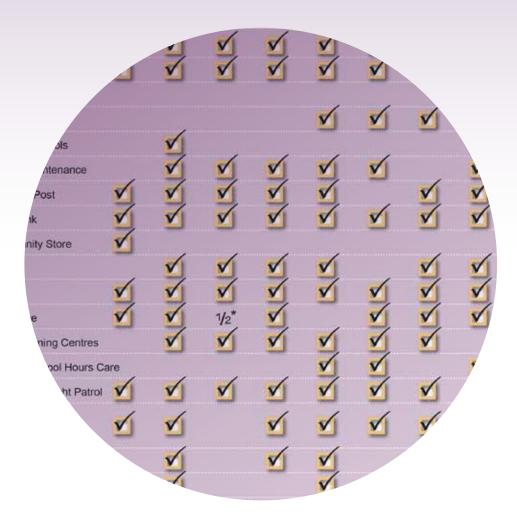

Strategy	Key Performance Indicators	Target
Maximise Indigenous employment to support local communities	Maintain an Indigenous staff rate of 80% or increase	Ongoing
	50% of community-based team leaders and above are Indigenous	Ongoing
	Percentage of positions above entry-level that are Indigenous	Ongoing
	Develop and implement a special measures plan to ensure Indigenous employment	December 2016

4.2 Supporting our staff	• • • • • •		
Strategy		Key Performance Indicators	Target
Promoting career pathways and staff satisfaction		Workforce Development Plan is developed and actions implemented	June 2017
		Surveys conducted annually measuring staff satisfaction	June 2017
		Review employee reward and recognition process	December 2016
MacDonnell Regional Council is a safe workplace		Percentage of incidents reported within required timeframe	Ongoing
		Identify opportunities for continuous improvement in WHS	June 2017
		Reduction in risk profile	June 2017
Increase our understanding of the barriers to workforce participation amongst Indigenous staff		Develop and implement a formal exit interview process for all staff	June 2017
		Research conducted and recommendations made on reducing barriers to workforce attendance	June 2018

4.3 Building our organisation culture				
Strategy		Key Performance Indicators	Target	
Our values are ingrained in the organisation		Develop materials for values workshops	December 2016	
		Percentage of staff that have completed MRC values workshop	June 2017	
Staff are working together across services		Number of inter-departmental staff meetings per community	June 2017	
New staff understand our Council, its role and identity		Development and implementation of induction process	December 2016	
		All staff have completed the induction process	June 2017	

Strategy	Key Performance Indicators	Target
Opportunities found to increase the impact of our limited resources	\$ value of additional contracts / services secured	Ongoing
	Percentage of external funding secured towards Council's capital works projects	Ongoing
Compliant Workplace Health and Safety policy and processes	Risk assessment carried out on all Council activities in all Council offices	June 2017
	Number of Health and Safety Representative group meetings occurring per community	June 2017
Compliant records management system is implemented	New file structure approved and implemented	June 2017
	All Alice Springs staff have received InfoXpert and records training	June 2017

Our Service Delivery

Opportunities and Challenges for Service Delivery

Opportunities

- Building partnerships in the region
- Local Authorities becoming a strong voice for their community
- Finding more ways to recognise and support our staff across the communities
- NT and Federal Government elections
- Succession planning and training to support more local people into jobs
- · Harnessing our positive public perception

Challenges

- Uncertainty of funding from NT and Federal Government
- NT and Federal Government elections
- Funding reductions meaning less employment for people in communities
- Difficulties in engaging with other organisations
- Weather events can effect service delivery, roads etc.
- Cost-shifting to local government from business and other levels of government
- Limited ability for local job creation due to budgetary pressures
- Community conflict impacting on all areas of community life, and Council services

Possibilities for Cooperation

Cooperation continues to be a major theme of this year's plan, having been identified by our Councillors as a priority to help us achieve better outcomes in our communities.

It is a difficult time for many organisations across the Northern Territory, not just MRC, as funding reductions across the board mean that many services are expected to deliver more with less. Through co-funding on projects, shared delivery, and taking advantage of in-kind support, we can achieve the aims of the Council, and other organisations working with and for our communities.

Through changes to the Community Development Program (CDP – formerly RJCP), there will be a greater need to find meaningful work experience opportunities for participants that will prepare them for future employment. We hope to engage with other service providers to deliver community-driven and innovative projects.

The increased responsibility for Local Authorities to engage in non-Council business has also brought opportunities for partnerships, as Local Authorities can identify key stakeholders, potential projects and bring a number of people together as the potential representative group for their community.

The Council will continually strive to identify potential partners and create opportunities that will benefit our communities.

MacDonnell Regional Council Standards and Service Levels

In order to ensure continuous improvement in service delivery in our 13 communities, MacDonnell Regional Council has established Service Levels for Council service delivery, linked to multi-year implementation plans to continuously increase the standards. All Service Levels are accompanied by staff management and training strategies. These also tie into our strategic plan and sometime we will make targets specifically related to Service Level improvements in certain areas. More information about MacDonnell Regional Council Standards and Service Levels can be found on our website at www.macdonnell.nt.gov.au.

The Service Levels are briefly summarised below:

Cemetery Guidelines

12 Council Service Delivery Centres have cemeteries. Four Service Levels have been identified:

- 1 Site identification and clearing including fencing, car parks and grave shoring
- 2 Shade structures, seating, wheelie bins and water
- 3 Signage and plot markers, including a cemetery register and grid plan of grave locations
- 4 Pathways and landscaping

Parks and Open Spaces

The MRC Parks and Open Spaces guidelines outline standards to be achieved over a five year timeframe (2012 - 2017). All 13 Council Service Delivery Centres have open spaces with widely varying maintenance standards and infrastructure. Six service standards have been developed:

- 1 Site identification and clearing (retaining trees if present)
- 2 Fencing or bollards and carpark installation

- Shade structure and wheelie bins
- Signage, water bubbler, table and seating and BBQ
- Lighting, pathways, landscaping and playground equipment
- Irrigation and grass where feasible

Sports Grounds Guidelines

The MRC Sports Ground guidelines outline standards to be achieved over a five-year timeframe (2012 – 2017). All 13 Council Service Delivery Centres have sports grounds and infrastructure at widely varying standards. Six Service Standards have been developed:

- 1 Shade shelters and wheelie bins
- 2 Seating, backstop netting and drinking water
- 3 Shade trees and parking area
- 4 Fencing
- 5 Lighting and irrigation (where funding is available as these are significant start-up and ongoing funding)
- 6 Grass (where funding is available as this requires significant start-up and ongoing funding)

Waste Management Guidelines

As the previous MRC Waste Management guidelines expired in 2015, these have recently been reviewed.

The MRC Waste Management guidelines provide baseline standards which MRC aims to achieve within three years (2016 - 2019). All 13 Service

Delivery Centres have landfill sites of widely varying standards and all receive waste collection services. Four service levels have been identified:

- 1 Reduce Risk two wheelie bin collections per week; no burning at landfill and secure storage of waste, plant and equipment
- 2 Remediate Old Sites community education about waste management; milestones for management of landfill sites

- Review and Improve removal of bulky goods historically dumped around the community; higher level landfill management milestones
- New Waste Management facilities as funding becomes available

Children's Services

Children's Services are working towards reaching the National Quality Standard (NQS) for Early Childhood Education and Care, which sets a new national benchmark for the quality of education and care services. The NQS is divided into seven Quality Areas:

- 1 Educational program and practice
- 2 Children's health and safety
- Physical environment
- Staffing arrangements
- Relationships with children
- Collaborative partnerships with families and communities
- Leadership and service management.

Community Night Patrol

The Community Night Patrols Projects Operational Framework outlines the standards that Community Night Patrols operate to achieve. The framework covers:

- 1 Service delivery
- Asset management
- Administration

Home Care Services

Home Care Services operate to achieve the four standards set out in the MRC Home Care Service Standards. These standards comprise the three national Home Care Common Standards, and the MRC-developed Cultural Care and Workplace Practices Standard. The standards are as follows:

- 1 Standard 1: Effective Management
- Standard 2: Appropriate Access and Service Delivery

- Standard 3: Service User Rights and Responsibilities
- Standard 4: Cultural Care and Workplace Practices

A triennial external review of aged care services occurs to ensure compliance with standards and legislation.

Other Services

Other areas of Council service delivery are developing standards as relevant and appropriate.

Performance Monitoring and Reporting

Community

Community members are able to attend Local Authority meetings to find out whats happening in their community. They can also speak directly to Council Services Coordinators, Council staff and their Local Authority members and ward councillors.

Local Authorities

Local Authorities are responsible for monitoring the implementation of Local Authority Plans and reviewing expenditure in their community. The Council will report regularly to Local Authorities on progress against their plans, and any other strategies or areas of concern that the Local Authorities have identified.

Council

MRC staff regularly report to Council on progress against Key Performance Indicators (KPIs) under the Regional Plan, budget performance and other strategies identified by the Council. Councillors are responsible for monitoring the Council's spending and progress to ensure that identified outcomes are achieved.

Directorate

Directors are responsible for the monitoring, reporting and implementation of their Operational Plans. These Operational Plans will help ensure the achievement of KPIs, leading to positive outcomes for the community. Much of the work of MacDonnell Regional Council is funded from external agencies, either by funding agreements or commercial contracts. Funding agencies have detailed performance targets and reporting regimes to monitor outcomes.

Staff

Every Council staff member is responsible for ensuring their work aligns with the Regional Plan.

NT Government and General Public

Many Council documents, including agendas, policies, financial reports and plans are available on the Council website. The MacDonnell Regional Council has a principle of transparency wherever possible to ensure that our stakeholders, community members and other members of the public are aware of what we are doing.

The MacDonnell Regional Council's Regional Plan and Annual Report must be presented to the Minister of Local Government each year to ensure compliance with our governing legislation and a robust governance framework.

Key Assumptions of the Income and Expenditure Budget

- At the time of preparation of this budget the Council is engaged in discussions with funding bodies regarding grants for 2016/17. This budget therefore reflects a combination of known and anticipated funding for its continuing services based on previous experience and known service requirements.
- 2. Administrative fees for the Council have in general been set at 15%. Charges are made to income external to Core Services (it should be noted that some grants will not pay 15% and this is a continuing negotiation).
- 3. Whilst operation costs of running Swimming Pools in the Council area have been included, it is assumed these will be offset by a small amount of income sourced to assist with their operation. This continues to be a major impact on the sustainability for the overall Council area.
- 4. All other current services will continue to be provided by the Council.
- Discretionary funds provided to Local Authorities have been set at \$4,000. In addition funds resulting from the Northern Territory Government's promise of grants to Local Authorities have again been included as it is believed that these are to be available again in 2016/17.
- 6. The budget has been set with the assumption that there will be no Consumer Price Index (CPI) increase in government funding as this is the indication received from discussions to date on future funding. The budget incorporates the reduction this will require in the services provided by Council.
- 7. In the absence of a significant rates base, the Commonwealth and Territory Governments will continue to fund services.
- 8. After consideration of the impact of the lack of CPI increase in grant funding (Council's major income source), the cost price index

- increase at December 2015 of 0.5%, the Local Government cost price index of 1.30% and Council's own observations in relation to increased costs, the budget has been prepared on the basis of an increase in rates of 2%, with all other fees and charges being increased by 2%.
- The recent movements in interest rates experienced are likely to lead to a small increase in income received from Council's investments.
- 10. Election costs are included in 2017/18, increasing expenditure in that year by \$120,000.
- 11. Expenses have been estimated to increase by an average of 2.9% over the life of the plan.
- 12. There are no additional major initiatives planned over the next four years, outside the goals outlined in the Regional Plan. This is due to major initiatives being wholly dependent on additional funding and there is currently no indication of significant increases that would enable major initiatives to be considered.
- 13. The repairs, maintenance, management and development of infrastructure is intended to continue for the life of the plan at the same level as detailed in the 2016/17 year budget with increases in line with inflation.
- 14. Council policy is to not capitalise roads, therefore road expenditure is reflected in full in the Council Services line within the budget.
- 15. Expenditure on plant and equipment has been significantly reduced. However, it is believed that the Council's replacement of plant and equipment over the last five years has meant that this will not significantly impact ongoing service provision. Additionally Council has resolved to set aside any surplus from operations in the 2015/16 year in order to create a reserve for future funding and replacement of Council assets.
- 16. There are no plans to increase building assets this financial year.

Infrastructure Development and Maintenance Budget							
2016/17	Development	Maintenance					
Roads	-	\$1,116,560					
Buildings and Facilities	-	\$328,980					
Staff Housing	-	\$308,500					
Fleet	\$816,670	\$646,430					
Other Infrastructure	-	\$60,000					

\$816,670

\$2,460,470

Rate Assessment Record Certification

I certify to the MacDonnell Regional Council that, to the best of my knowledge, information and belief, the rates assessment record is a comprehensive record of all rateable land within the area.

Jeff MacLeod, Chief Executive Officer, MacDonnell Regional Council Wednesday 25 May 2016

Rates and Charges Declaration for 2016/17

Rates

MacDonnell Regional Council (the "Council") makes the following declaration of rates pursuant to Chapter 11 of the Local Government Act (the "Act")

- Pursuant to Section 148 of the Act, the Council declares rates consisting of a combination of fixed charges and valuation based charges including a minimum charge. For valuation based rates, pursuant to Section 149 of the Act, the Council adopts the Unimproved Capital Value (UCV) method as the basis of the assessed value of allotments within the council area.
- The Council intends to raise, for general purposes by way of rates, the amount of \$869,040 which will be raised by application of:
 - (a) Differential rates with differential minimum amounts being payable in application of each of those differential rates; or
 - (b) A fixed charge ("flat rate")
- 3 The council hereby declares the following rates:
 - (a) With respect to every allotment of rateable land within the council area that is used for residential purposes, a flat rate of \$836.55 for each allotment.
 - (b) With respect to every allotment of rateable land within the council area that is used for commercial or business purposes, a flat rate of \$989.95 for each allotment.
 - (c) With respect to every allotment of conditionally rateable land within the council area:
 - (i) A rate of 0.000299 multiplied by the assessed value of land held under a Pastoral Lease, with the minimum amount being payable in the application of the differential rate being \$368.31;

- (ii) A rate of 0.0034 multiplied by the assessed value of land occupied under a Mining Tenement with the minimum amount being payable in the application of the differential rate being \$871.68.
- (d) With respect to every allotment of rateable land within the council area not otherwise described elsewhere in this declaration, a flat rate of \$989.95 for each allotment.

Charges

- Pursuant to Section 157 of the Act, the Council declares the following charges in respect of the garbage collection services it provides for the benefit of all land within the following designated communities within the council area (except such land as Council from time to time determines to be exempt or excluded from the provision of such services or for which the Council has determined it is impractical to provide such services).
- 5 Council intends to raise \$827,500 by these charges.
- Garbage collection services are provided weekly in the designated communities within the council area of Amoonguna, Areyonga, Docker River, Finke, Haasts Bluff, Hermannsburg, Imanpa, Kintore, Mt. Liebig, Papunya, Santa Teresa, Titjikala and Wallace Rockhole.
- 7 For the purpose of paragraphs 8:
 - "residential dwelling" means a dwelling house, flat or other substantially self-contained residential unit or building on residential land and includes a unit within the meaning of Unit Titles Act.
 - "residential land" means land used or capable of being used for residential purposes (but does not include land on which there is no residential dwelling).

- 8 The following charges are declared:
 - (a) A charge of \$739.50 per annum per residential dwelling in respect of the garbage collection service provided to, or which Council is willing and able to provide to, each residential dwelling within Amoonguna, Areyonga, Docker River, Finke, Haasts Bluff, Hermannsburg, Imanpa, Kintore, Mt. Liebig, Papunya, Santa Teresa, Titjikala and Wallace Rockhole Communities.
 - (b) Other than a residential dwelling to which paragraph 7(a) applies, a charge of \$1,479.00 per annum for each allotment used for commercial, industrial or community use purposes in respect of the garbage collection service provided to, or which Council is willing and able to provide to, each such allotment within Amoonguna, Areyonga, Docker River, Finke, Haasts Bluff, Hermannsburg, Imanpa, Kintore, Mt. Liebig, Papunya, Santa Teresa, Titjikala and Wallace Rockhole Communities.

Payment of Rates and Charges

9 Pursuant to section 161 of the Act, Council determines that rates and charges for the year 1 July 2016 to 30 June 2017 inclusive, shall be due and payable in two approximately equal instalments on the following dates namely:-

First instalment Friday 14 October 2016

Second instalment Wednesday 15 March 2017

- (a) Payment of all or any remaining instalments may be made on or before the due date of the next instalment.
- (b) Details of due dates and specified amounts will be listed on the relevant rates notice under section 159 of the Act ("the Rates Notice").
- (c) Variations to those options for payment will be administered according to the conditions outlined on the front and reverse of the Rate Notice.

(d) A ratepayer who fails to abide by such conditions may either be sued for recovery of the principal amount of the rates and charges and late payment penalties; or a charge may be registered over the property or lease prior to potential sale of the property. Costs reasonably incurred by Council in recovering or attempting to recover the rates and charges will be recoverable from the ratepayer.

Relevant Interest Rate

The Council fixes relevant interest rate for the late payment of rates and charges in line with Section 162 of the Act at the rate of 18% per annum which is to be calculated on a daily basis.

Assessment of the Social and Economic Effects of Council's Rating Policies

MacDonnell Regional Council's rates and charges are set each year with regard to a number of factors including increases in the cost of providing services, proposed capital works and increases in service levels or other Council initiatives. The Council also considers statistical indicators such as the Consumer Price Index and the Northern Territory Local Government Index, which is prepared by the Local Government Association of the Northern Territory (LGANT).

The Council consciously aims to keep the increase in rates to a minimum in order to lessen any impact on ratepayers, while generating enough income to provide adequate levels of service and achieve its objectives.

The rates as a revenue source at MacDonnell Regional Council represent just 2.7% of revenue so are a minor part of its revenue. The rates for Pastoral Leases and Mining Leases in the Council, where changed, have

only been increased by the Darwin CPI (0.5%) in line with the Minister's approval. The Council has reviewed rates for Pastoral Leases and Mining Leases nationally and the current level charged within the Council area is comparatively low. The minimum rate for Pastoral Leases has increased from only \$366 per annum to \$368 per annum so no economic or social impact is expected as the average value of Pastoral Leases in the Council is well over \$1,000,000. A Similar situation exists for Mining leases, where the minimum has only risen from \$867 to \$871 per annum. This level of increase is not expected to cause any significant difficulties for mining lease owners.

The remaining rates in the Council have increased by 2%, which reflects the need to cover reduced income from other areas and pay for cost increases in order to maintain the current level of services within the Council. The Council currently has a low level of reserves which they are aiming to use for future capital expenditure.

As such, the Council's assessment of the social and economic effects of the Council's rating policy is that the increases in rates is not of sufficient magnitude to have any significant effect on the ratepayers concerned.

Fees and Charges Schedule

The following Fees and Charges are correct as at 1 July 2016. Council reserves the right to vary them from time to time and current rates can be found at: www.macdonnell.nt.gov.au/about/rates-fees-charges

Home Care Services

Home Care, Home Support, Disability in Home Services							
(Client Contributions)	Unit	Fee (gst n/a)
